

American Lincoln Parts

The American Lincoln division is currently associated with the Nilfisk Advance Industrial Group in Plymouth, MN, USA. They specialize in floor cleaning machinery which are recognized within the business as strong and durable machinery which satisfies all the requirements of larger infrastructure and heavy industry. Products made in the United States; the sales are conducted nationwide through authorized distributors, direct Government sales and national accounts.

The Clark Company, of Nilfisk Advance, and American Lincoln share the battery operated walk behind version of floor scrubber. Clark has their production facilities located in Springdale Arkansas. These scrubbers are available in the market under the trade mark name "Encore". American Lincoln can supply components, warranty service and machinery for these scrubbers which carry both the Encore and Clarke logos.

The 7765 floor scrubber model is the choice equipment of big distribution centers like for example Target and Wal-Mart. The 7765 line has earned the respect of various facility supervisors where efficiency and results count. Recently, this floor scrubber model has been requested by the architects in different construction jobs like Home Depot's and Lowes Home Improvement Stores. Flooring contractors use this sweeper scrubber on site due to the model's high standard of quality and supreme performance level for polishing concrete.
